- Within the past year
- Been a few years

How did you hear about GP Professional Services? 

- Google search
- Doorhanger
- From someone who hired you already
- Instagram
- Other

What type of service would you like?

- Full inside & out cleaning
- Exterior only cleaning

WHAT GOES INTO AN ESTIMATE FOR WINDOW CLEANING?

1. The actual condition of the glass (in other words how dirty they are)
2. The type of service (Inside & out or just exterior)
3. Number of stories the home has
4. *APPLIES TO THOSE WITH PELLA WINDOWS* If you have Pella windows and wish to receive a full cleaning, cleaning of Pella windows is generally more expensive due to the fact that Pella windows will either "split" open, crank out and have screens inside the home. Pella windows are priced differently as we consider them to be a bit more than just "normal windows".

SOME AWESOME THINGS YOU SHOULD CONSIDER WHEN DECIDING TO HIRE US:

1. We are the **#1 rated** window cleaners in Yuma for great reason! (+90 5 star reviews on google)
2. Years of **experience** cleaning all types of windows & homes of all sizes
3. **Fully licensed & insured** - We can legally operate our business in Yuma!
4. Fair & reasonable pricing - We are not the cheapest in town, but we make sure that every penny you spend is worth it!
5. **Affordable** maintenance plans - Usually the first cleaning can be higher in price, but after that you have the option to jump into an automated schedule every 3 months for the lowest rate possible. You would get clean exterior windows and screens every 3 months and ensuring two things.... 1) clean windows all year and 2) You SAVE money!
